STAY PROLONGED

TILL MARCH 16

IN

Newport.

During the past two weeks the offices of Dr. Sproule have been so crowded with patients that he and his assistants were unable to attend to more than half who called. Many had to go away without seeing the Doctor; many more could not have their cases booked for treatment. Owing to these facts, and the urgent request of many sufferers who wish to obtain relief, Dr. Sproule has decided to prolong his stay in Newport two weeks longer, till March 16th.

With the help of the Almighty, we have been enabled to carry on the good work and effect many almost marvelous cures. Our cured patients are our advertisements. They feel grateful for their cures, and tell all their friends, and advise any who may be sick to come and see us. This is one of the chief causes of our offices being crowded to overflowing. As every patient offering is subjected to a thorough consultation and examination, we can only see a limited number daily, hence the fact of so many going away last week without seeing us. We slight no one.

Although only four weeks since our arrival in Newport we have already cured a large number of hitherto supposed incurable cases. Many came to us thinking they could never again enjoy a well day, and are now rejoicing in perfect health and strength. These have given us records of their cures in their own words which can be examined by any desirous to do so, at our offices in the Memphremagog House.

IN ONE WEEK.

On the last day of January, I went to Dr. Sproule all run down, suffering severely with pains in abdomen, throat badly ulcerated, and hardly able to do anything. In one week the doctor stopped all my ailments. I am entirely free from pain, and feel like a new man. I cannot thank the doctor enough for what he has done for me. JOSEPH ALLEN.

Mr. Allen works at the International mill in West Derby.

After Failure DR. SPROULE SUCCEEDS.

I have been sick all winter and unable to do any work on my farm, and have doctored most all winter without any benefit. I had diarrhoea very bad all winter, and pains all over nearly all the time, hard and sharp. I have had dyspepsia for a number of years and my vitals hurt me. Now after treating with Dr. Sproule less than a week I have no more pain and my bad feelings are gone. What induced me to consult Dr. Sproule was what he did for my son Charles. Two of my children died of consumption and I was afraid Charles was going the same way. The doctor has done a splendid job on my son, he is braced so he can work now without getting tired. I feel very grateful for what the doctor has done for me and mine. AMOS PETERS.

Mr. Peters is a farmer living in Coventry.
